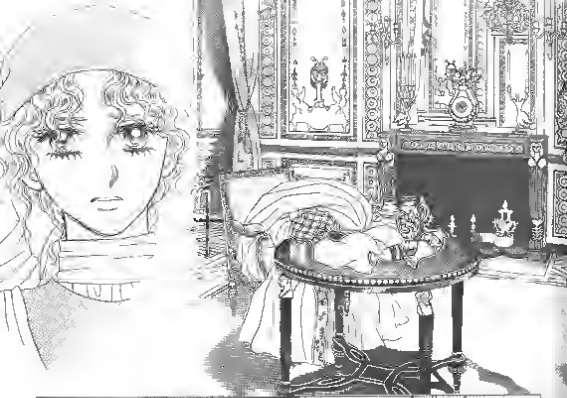
My my
You startled me hiding in a place like this
The princess would surely be glad to know that you are here. Why are you hiding?
I should ask you the same question. Who have you been protecting?

Escort the general
What do you think you are doing ?!
If you don't want to make any worse than it already is , I suggest you comply quietly.



Mother

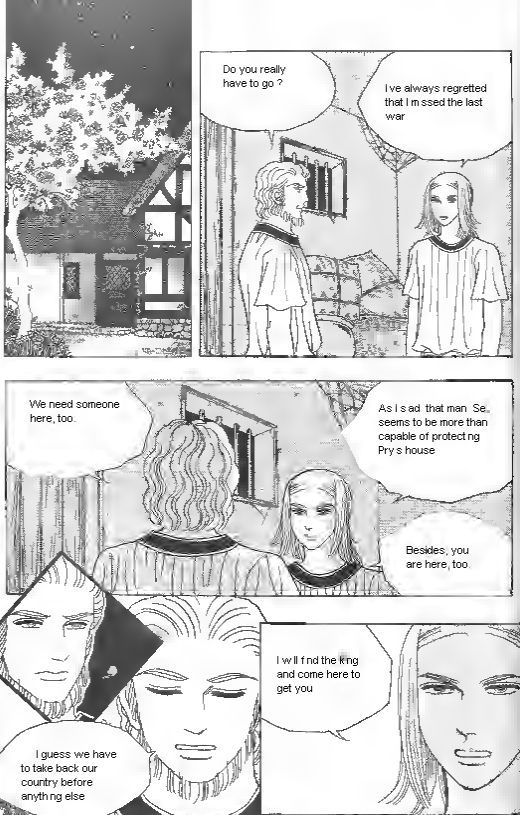
...I've never known
that you were so small
and light ...
Eshkl
Don't go
Even if it's a dream

Did those really happen in few days ?
Those happened right after you disappeared
JanmeS
www.janmes.com
Are you accusing me ?
They started with my brother
Though I think it was in order to make him not leave
So, you are accusing me ?
That depends on where you have been.

Not only that...
You were ordered to guard the princess and failed to do so completely
That is also a crime you have to take responsibility for If something did happen to her Anatora would have asked Skador for responsibility
So it does not matter how you think
I have to ask you questions and punish you
So are you saying that whenever I leave my position Skador will attempt to murder the princess?
Don't play with me

You left your
posit on wthout
nform ng me
That alone s
enough to get
your head
separated from
your body
I am a general
of Anatoria
My head s
Anatoria s
Your pr ncess
was almost killed
And she is my
wife offically.

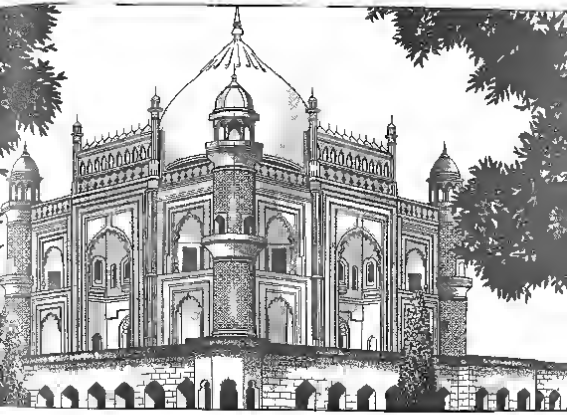
In Skador,
if someone
kills one's wife,
One has right
to kill the criminal
No matter what
So
You better get
ready for your
answers
This is absurd



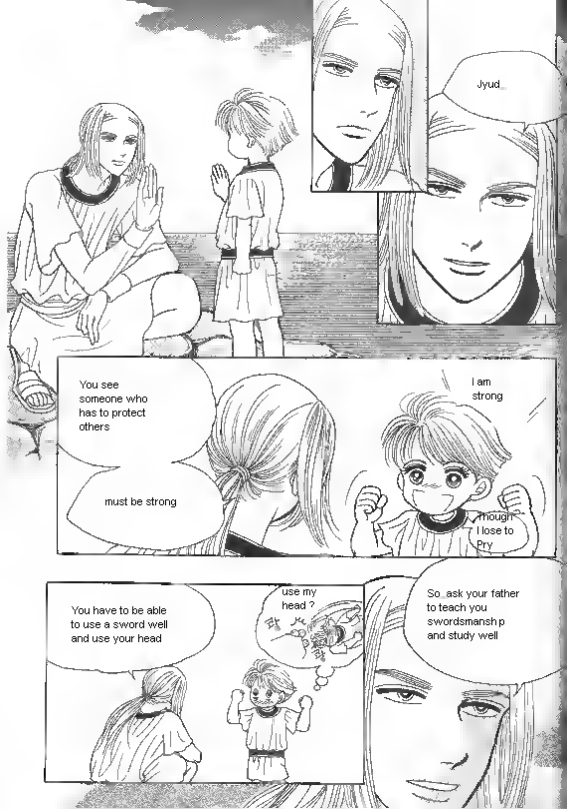
Do you really have to go ?
I've always regretted that I m ssed the last war
We need someone here, too.
As I s ad that man Se.. seems to be more than capable of protect ng Pry s house
Besides, you are here, too.
I guess we have to take back our country before anyth ng else
I w ll f nd the k ng and come here to get you

Uncle
where are you
go ng ?
Over there
Across sea
I w ll earn a lot of
money
What are you
go ng to do wth
lots of money?
Don't go
L sten to me
very carefully
Lejyud Ka

You do like Pryor right ?
Ah well
She's pretty So
A man protects his woman Do you understand
Yes
You can protect Pryor can't you ?
Of course
You don't have to even ask me
Until the end
No matter what
Swear now
I swear !



프린세스 Princess



Jyud...
You see someone who has to protect others
must be strong
I am strong
though I lose to Pry
You have to be able to use a sword well and use your head
use my head ?
So..ask your father to teach you swordsmansh p and study well

Study ?
Well
That s the only way to protect Pry
Y yeah?
Even f you don't lke you have to endure
That s the way to become a strong man
Do you understand?
I th nk so
But not really
Anyway
Sure, uncle.

And...
Once you make up your mind to protect someone you protect no matter what happens
Even if I am going to die?
Even so
Even if you will die!
I will protect her even if I am going to die!
Eh that's a little
But
Okay

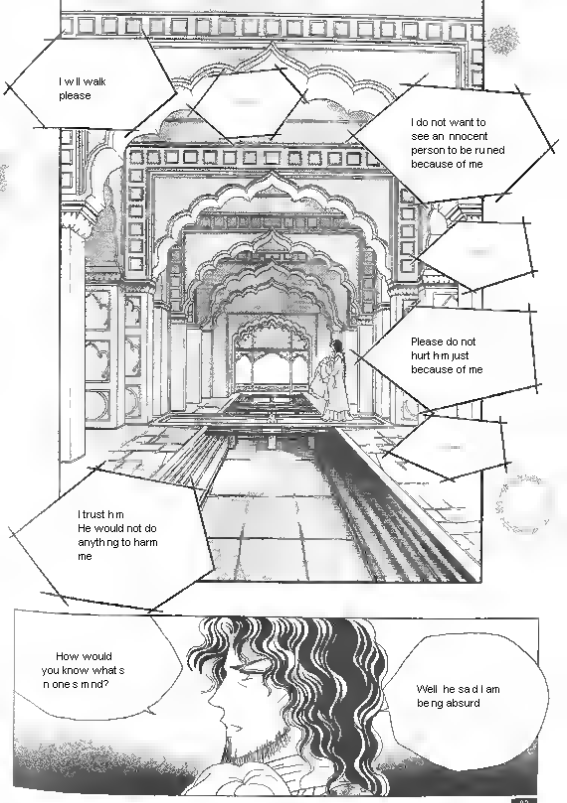
janmeS
www.janmes.com

I shall protect
Pry
no matter when
no matter what
with my life
until the end of me

Lady !
I've told her repeatedly not to move, but she ins sted
I heard general Baran s here
What do you th nk you are do ng ?
You have not even recovered yet !

There s no way would general Baran have plotted to k ll me
How long have you been here?
spare him ... please ...
Ma'am !
Step aside !

I will carry you to your room.

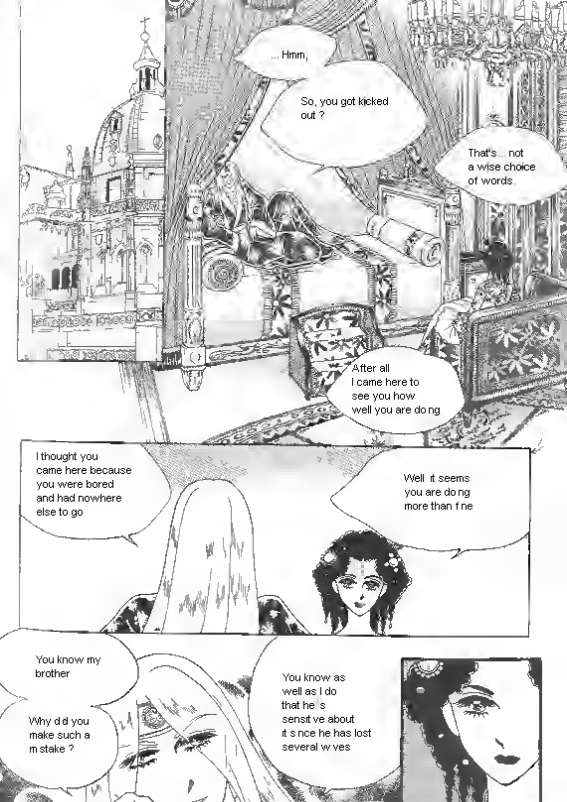


I w ll walk please
I do not want to see an nnocent person to be runed because of me
Please do not hurt h m just because of me
I trust h m He would not do anyth ng to harm me
How would you know what s n one s m nd?
Well he sa d I am be ng absurd

Since you seem to be able to read mind, what do you think?
Can you tell who's fallen for whose trap ?
I th nk it s somebody else
Who would that be ?
I've told you before
not to trust anyone
Even me

That is the only way to survive in this harsh castle.
I hope you w ll always keep that n mnd
How can you go on wthout trust ng anyone ?
Do you th nk even I w ll try to hurt you ?

...Is that why you don't trust me ?
Why can't you trust me
I don't trust you !
I trust no one !



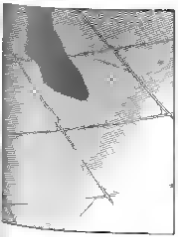
...Hmm
So, you got kicked out ?
That's...not a wise choice of words.
After all I came here to see you how well you are doing
I thought you came here because you were bored and had nowhere else to go
Well it seems you are doing more than fine
You know my brother
Why did you make such a mistake ?
You know as well as I do that he's sensitive about it since he has lost several wives

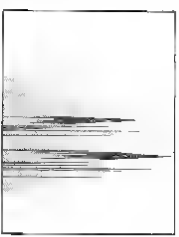
Looks like you've forgotten. So, let me remind you.
I, too, am his wife.
Though only by paper
I th nk you should stop
And throw the paper away
You should too
Why don't you open and let your true m nd surface?
You m ssed your chance before
Are you go ng to m ss your chance aga n?

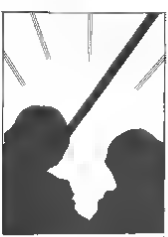
JapaneseS
www.japanese.com

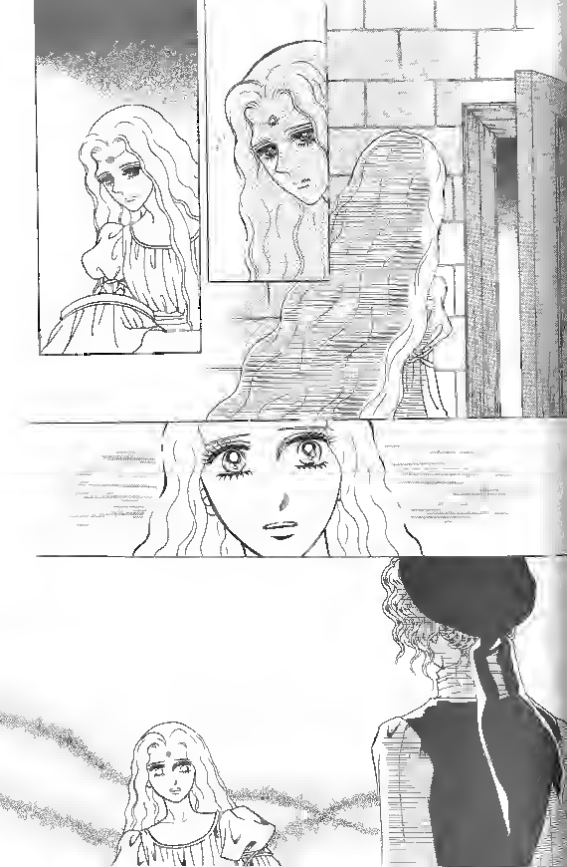
I hope you won't
And you know that I can help you r ght ?

What is it ?
I think I just felt a presence by the stars
I didn't hear anything
Maybe it was your dream
Well I guess you are right Neither the king or the queen comes here at this hour
Besides guards are at every floor
Times not moving
How much time left until I break ?
sleepy
Well we still have many hours to go So let's just nap









What is it ?
Do you realize what t me it s ?
I had to wait until mother went to bed
Because she wouldn't let me see you say ng you were busy
I am busy
I don't have t me to play with k ds
I am busy, too
And I d d not come here to play
I have a matter to d scuss with you

What s it ?
글썽
What, what ?
I hate when women cry
I m ss Areah
And I m sss Hith too
Can't we go without tell ng anyone ?
I heard that the king s gong on hunt ng
So
You know you can't see them

No
I won't go
I know you want to see Areah
And L la
No. I do not want to see them
L ar
I am not ly ng
I've dec ded not to want to see them
So..I don't want to see them at all

How can you say that !
Because I can !
So from now on you w ll not talk about them at all
You are becom ng really werd!
I have to study So I suggest you leave f you are done

I don't know why you'd refuse to be freed.
But what I've told you is truth.
I didn't even want to sneak into the castle
But I thought you should at least know that Bl and her daughter are al ve
I don't have much t me So I am ask ng you for the last t me
Do you really want to rema n here?
I can get you on a sh p bound to Korsh ka Then you w ll s mply follow my wr tten nstruct on to get to Bl s house

Another couple of guards w ll come to replace soon
Even though there are secret passage ways you must not be found n th s locat on
Erene
You can speak
Erene...
You must lock the door from outs de
Make th s as f noth ng happened
I d dn't see anyone com ng nor d d I hear anyth ng

Why ....?
Why ?!
I've never been a good mother
So...
When the baby s born, I wanted to be a good grand mother instead
So...you should
If one day you meet Bi again,

Tell her that
Just like every other mother in the world
I too
loved my child

No
Scratch that
You d d not meet me at all
I seem be to l v ng n a tower
Just tell her
that
Now leave

I've left the place on my own will
I swore to myself that I would never go back there
....I could not

And I let my self drag for this long

...I swore to myself that...
I would never go back.
You also wanted me to leave
And you did not stop me when I did
And now you want me to come back
Honestly I don't know why
But even if you threaten to kill me right here right now
I wouldn't go back

I was abandoned
When I was leav ng
I gave up on all
Erene
Leave
You wasted your t me
I w ll not go back

You are the only one

You are the only one

How cruel you are
There are many people n the castle
Lady Barder and lady Va da Why
I cannot l ve for much longer
When I am gone,
If there is anyone else in this world who would look after my son as if he is her true child ... is you...
....I beg of you....
Elrene ....

I know that I've done many aweful things to you I also know that what I am asking is very self sh
But I will be leaving a clueless son in this world alone
I had to come to you
Please don't deny a dying mother's last request
I too have a child
And a husband
I heard lady Vada is currently pregnant
Then lady Barder will be willing to look after the prince
Barder's
not someone you can trust

Erene

Go back
to the castle
I w ll look
after Bl
B s my

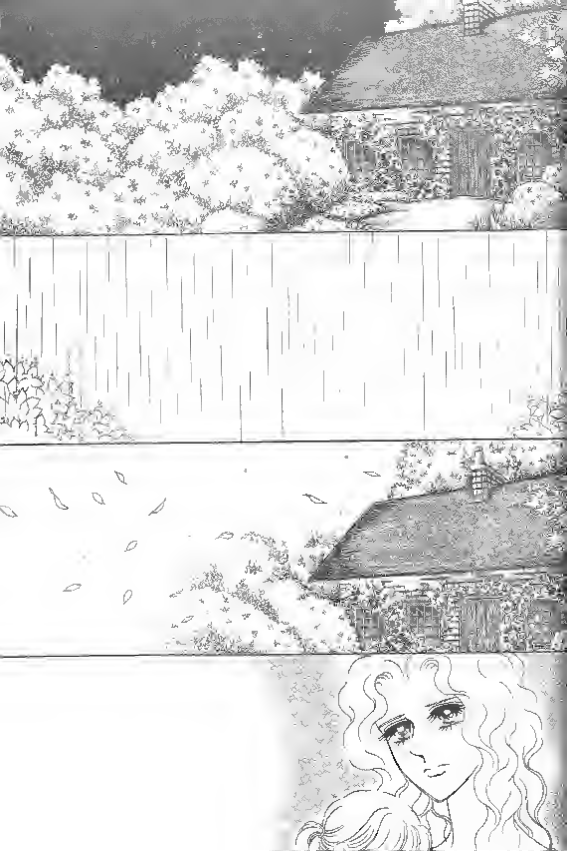
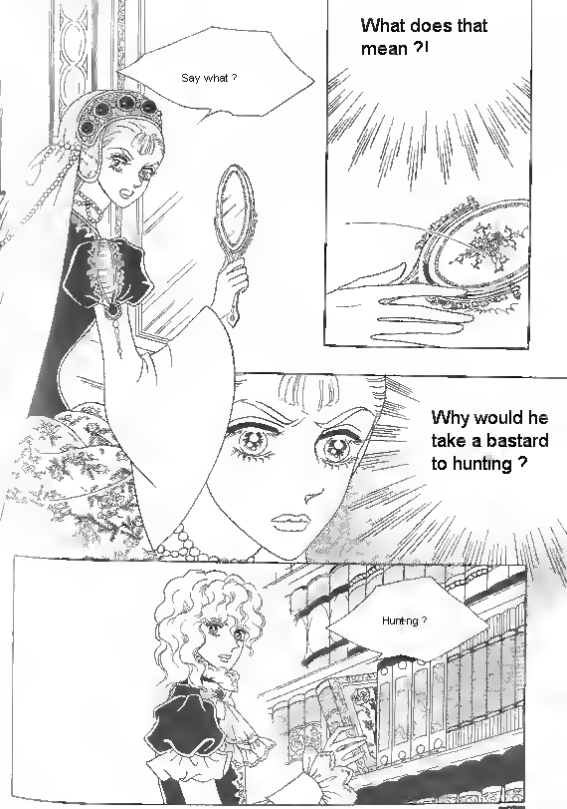
I w ll ra se her
And I w ll not go
back to the castle

I am go ng to harvest n the mountain
Come back safely



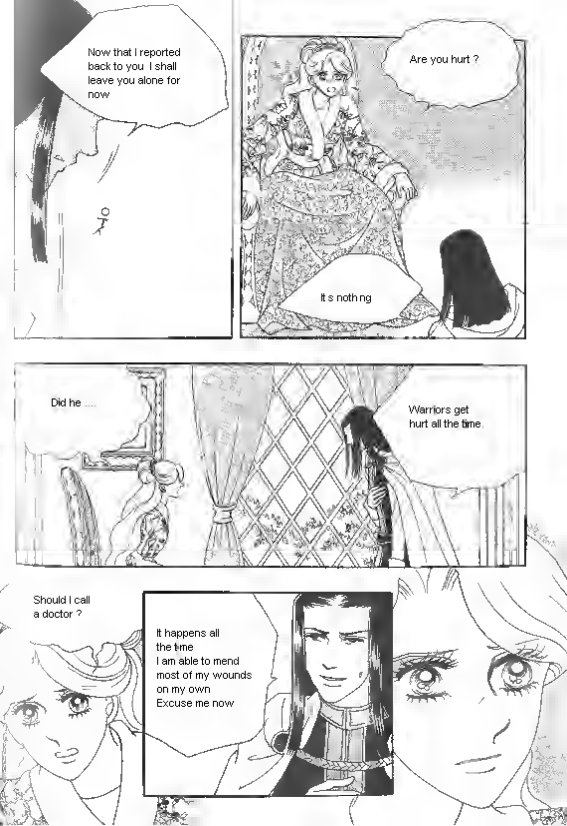
Queen Para...,
If I knew that I could not protect anyone ...,
I wouldn't have come back to the castle.
I had a feeling that ... it was his farewell ...
Perhaps ... I should have gone with him instead

JanimeS
www.janimes.com

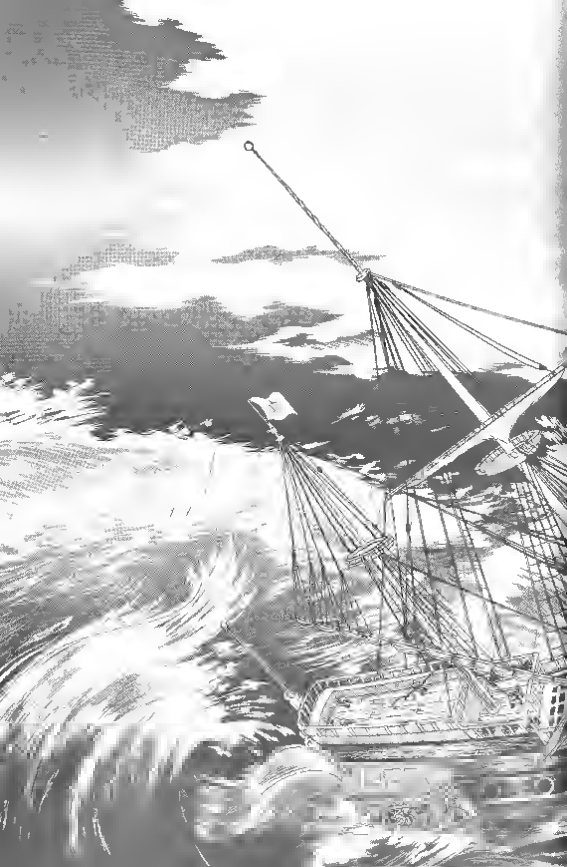


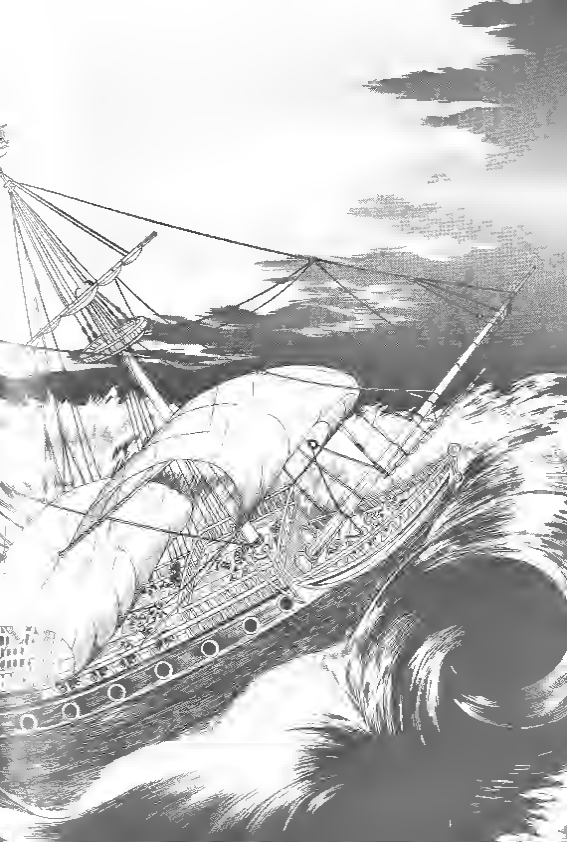
What does that mean ?!
Say what ?
Why would he take a bastard to hunting ?
Hunting ?

General !
I've come back from my break
How
He let me go
For some reason
Maybe he realzed I am innocent after all
I am glad to see you back



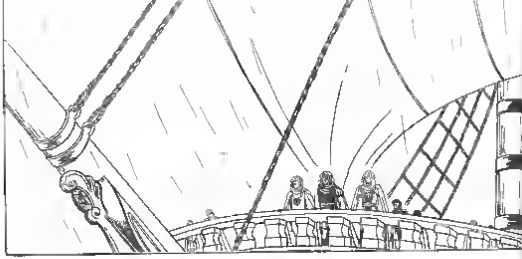
Now that I reported back to you I shall leave you alone for now
Are you hurt ?
It s noth ng
Did he ....
Warriors get hurt all the time.
Should I call a doctor ?
It happens all the time
I am able to mend most of my wounds on my own
Excuse me now





Drop the sails !
Drop the sails !
Tie up the cannons !
Ahhhh !
The ship s leaning !
Damn it !
Are we going to die even befoer reaching the battlefield ?
I see a ship !
They seem to be sailing fine
Maybe, we should ask for their help

I do not see any nat onal flags on it
They could well be prates
Ther ship appears to be dent cal to ours it could be Ramras
If they are prates it w ll be even worse than it s now
If that ship s Ramras
If I jump off th s ship r ght now



It's Anatoria's vessel.
It's just one. Should we attack ?

Waves are too strong over there

프린세스 Princess

Even if you don't attack,
There is a good chance that they will sink if they can't manage to get out of that spot.
We are on a very important mission. We don't need to risk at all.
Their ship seems to be too heavy.
It doesn't look like a merchant's ship.
So, they are either carrying weapons or soldiers
They must not know the sea path around here
Just because they have a good ship... that doesn't mean they can go anywhere they please without sailing skills
JanineS

Ahhhhhhhh !

We w ll go down
at th s rate
We have no other

heavy stuff!
Anyth ng that we ghts
throw them away!!

You will be a mercanary !
If that kid runs away, I will ask you for
Just once
Come back al ve

They are turning away !

Hey, Ramrakd !
Don't stand over there unless you want to get washed away by sea !

Come here and give me a hand !

Thank you for releasing the general.
You don't need to thank me.
That s correct
Looks like you are recover ng
Since you tortured an nnocent man
Since you speak n such a tone

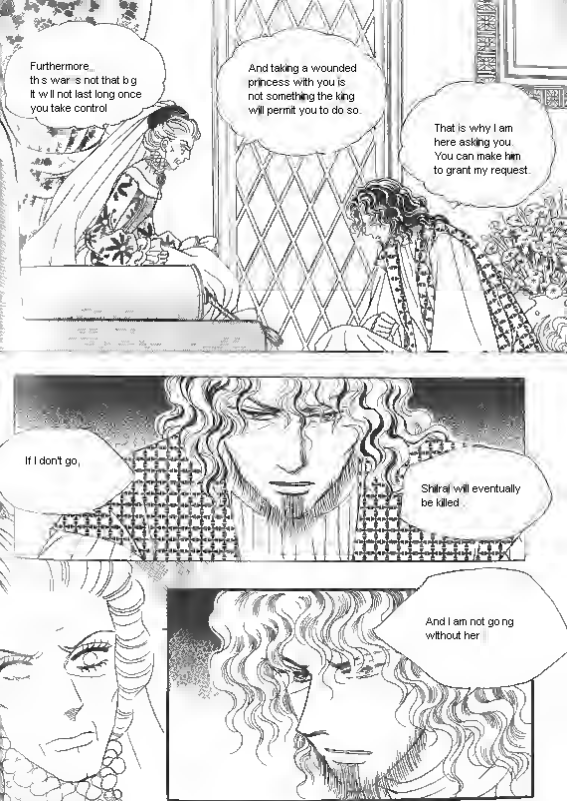
Anyway isn't it too early for you to walk around ?
Doctor says I am recovering at a fast rate
and
your emergency treatment was proper she said
My wound wasn't that serious and the amount of poison was little
Good to hear that
If something happened to you we might have had to go war with two countries at once

Snce you are recover ng fast I guess I can leave earl er
I believe I have to go instead of Shirai now.
Whoever attacked Shirai, that is probably what they wanted.
Though I don't have to go snce you are hurt
But they w ll keep target ng Shirai until I go
And I would hate to see him de

By the way
I plan to take you with me
No way am I go ng to leave you here alone
It will be long and hard journey.
Will you come with me ?

I am
your wife

I cannot allow you to do that !
It will be too dangerous !
If something happens to her
She was almost killed even in here
Twice, might I add
And there is also no guarantee that she will be safe even if you take her with you
I will NEVER let my wife die in front of my eyes again !
JanimeS
www.janimes.com



Furthermore,
th s war is not that b g
It w ll not last long once
you take control
And taking a wounded
princess with you is
not something the king
will permit you to do so.
That is why I am
here asking you.
You can make him
to grant my request.
If I don't go,
Shilrai will eventually
be killed.
And I am not go ng
wthout her.

Brother
What brings here? You should be in bed
You should have called me nstead of com ng here
I will go !
I am almost healed
I will do fine
It s already dec ded I am leav ng tomorrow

Why are you doing this ?
You plan to even bring the princess.
She's fine just like you.
She's willing to come.

I will go !

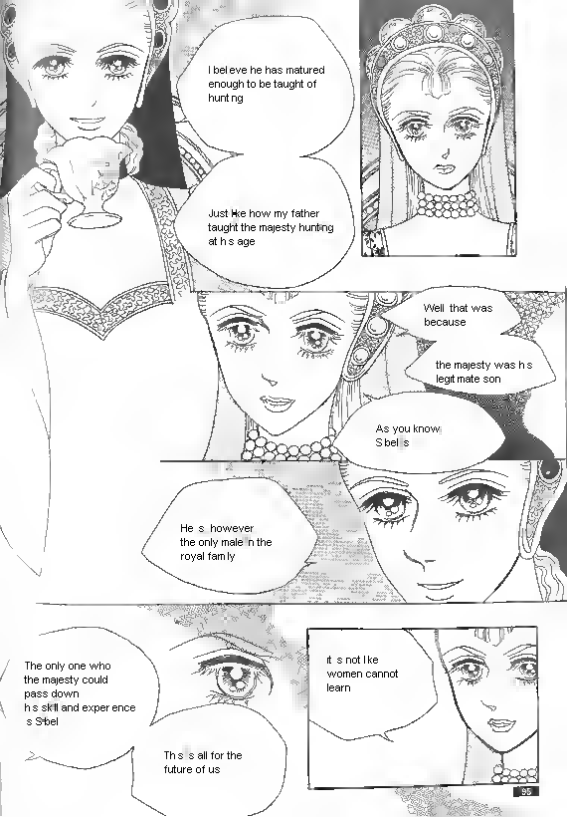
Shirai,

Why do you think they attacked you?
They want me to come

Then you know it s a trap
Even so, it doesn't look like it s going to end easily this time
The conflict at the border should not be dire
Karta s too weak to even deal with brother Muzo s army
What brother Muzo says is not trustwrothy
it s not from Muzo
it s from general Baran
General Baran ?
He claims he s been spying on their movement

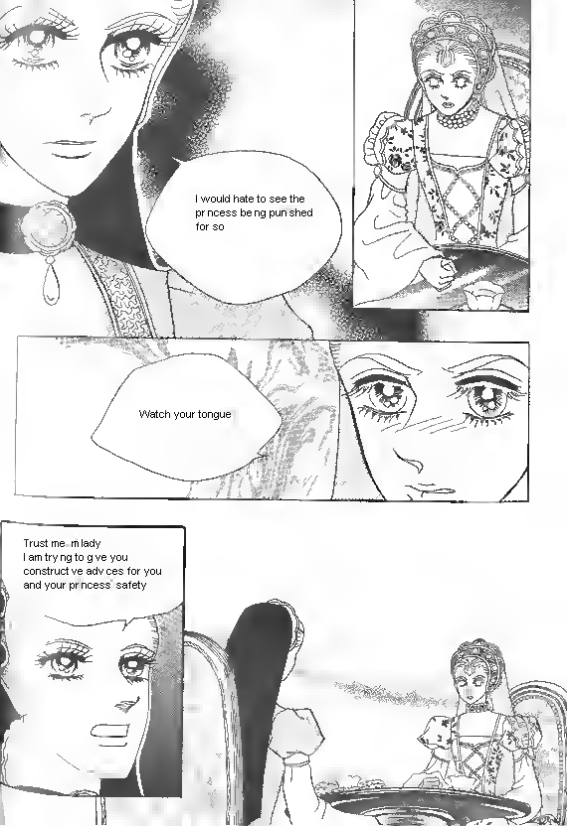
Then it could be what he says.
Why would you want to bring her to the battlefield ?
I am not go ng to
let her d e here
There are some
Who s mply won't care about polit cs
If they wanted to k ll her they would have done so already
Bes des she s Anator a s pr ncess I don't th nk they w ll go exteme

How nice of you to bring another gift for my little princess
My pleasure
Unfortunately she's taking a nap right now
Tea's getting cold
Thank you
Without the majesty the king feels empty
I wonder why he took Sibel



I believe he has matured enough to be taught of hunting
Just like how my father taught the majesty hunting at his age
Well that was because
the majesty was his legitimate son
As you know Sibelis
He is however the only male in the royal family
The only one who the majesty could pass down his skill and experience is Sibel
This is all for the future of us
it is not like women cannot learn

Yes..., indeed women, too, have a lot to learn.
Which is why my Beatrice has been busy lately.
It seems she was shocked by how Sibel passed the majesty's test for his library access. She insisted that she wanted to access the library as well and has been studying ever since.
Indeed there are a lot to learn. I just hope you won't push your child too far with education.
Heathcliff, after all the most important thing. Though one has to be born with it. She has never gotten ill so far.
I am glad to hear that. When my Terka becomes the empress, Beatrice could well be her right hand.
I advice you not to talk about the future throne in front of the king. He does not like to hear such talks in front of him. He will consider it as a form of revolt.



I would hate to see the pr ncess be ng pun shed for so
Watch your tongue
Trust me m lady I am try ng to g ve you construct ve adv ces for you and your pr ncess' safety

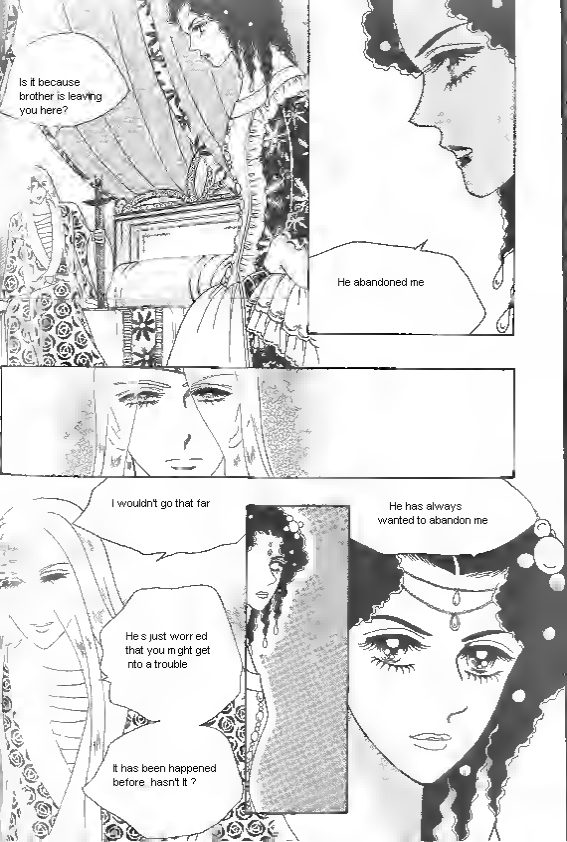
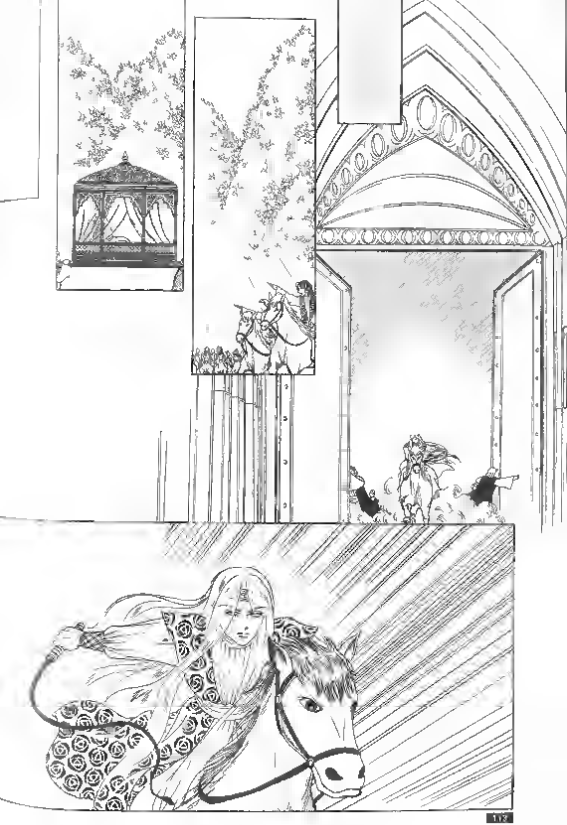
My mind is only for one woman
For so I've made so suffer for too long too much
Forgive me

You should make sound
You startled me
I guess you still have enough peace of mind to be startled
Lady Sheeta?
I don't believe he
thinks I have mind of my own

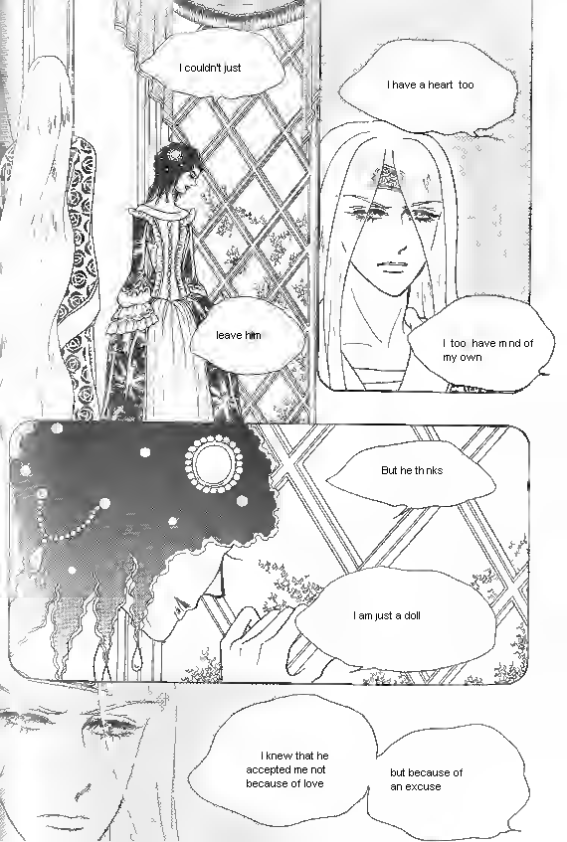


Is it because brother is leaving you here?
He abandoned me
I wouldn't go that far
He has always wanted to abandon me
He s just worr ed that you m ght get nto a trouble
It has been happened before, hasn't It ?

He accepted me as his mistress.
And he has always been like that.
I bet no one knows the truth.
Even though I am his wife,
He has never
hugged me.
Would you believe that
I am still a virgin ?



Lady Shieta,
Yes.
I was blind.
And I was foolish.



I couldn't just
leave him
I have a heart too
I too have mnd of my own
But he thnks
I am just a doll
I knew that he accepted me not because of love
but because of an excuse

Even so,
I thought that, if I had patience,
His mind might move
I believed that perhaps time will make him toward me
Since lady Hasha was gone.
I thought I had a chance
Lady Shieta
That's enough
You are hurting yourself.
You've come this far well.
So I am supposed to just wait forever ?
And become like you who is become incapable of loving anyone because you destroyed your own mind ?
You expect me to walk down on the same path as yours?

Or are you healed already ?
Perhaps..new illness?
Have you grown to love s ster in law only ?
If you speak any further of th s
I shall not forg ve you

But the truth is that
he and I let her escape
She's probably

she wants somewhere
in this world
I have not heard
anything from you
Please leave
now

It's not like you are interested in the throne.
So, if you tell him that you want her,
He might as well
give her to you
You are going to end our friendship aren't you
I can and will help you.
Even if it costs my life.

I will gladly help you
Even if it means my death in the end.
I have nothing more to fear and lose

You will be killing an old man from Karta.

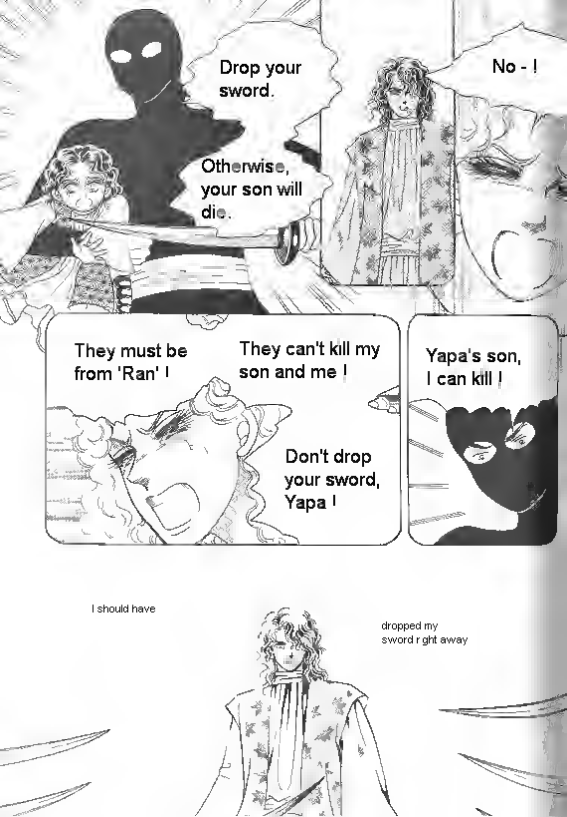
Please !
Really -
We can't ?
No !
Yapa -



Drop your sword.
Otherwise, your son will die.
No - !
They must be from 'Ran' !
They can't kill my son and me !
Don't drop your sword, Yapa !
Yapa's son, I can kill !
I should have
dropped my sword r ght away

A moment of hesitation -

Like she said,

I, too, believed that they could not harm Haisha

But it was the fault that I even thought so for a moment...

It was... my fault...

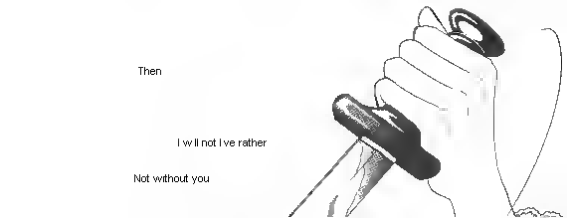
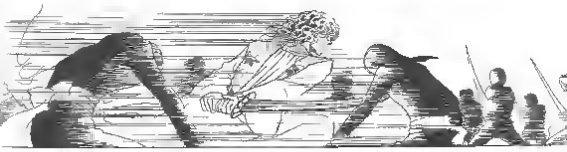
They may
spare me
But what w ll have left
when you and our son are gone
How w ll l ve th s world then



Then
I w ll not l ve rather
Not without you

So ...,
live on ...,
my dear
prince -
I've loved you from the
very beginning
I simply cannot imagine
what my world would be
like without you
If I am allowed to born again
I hope you will take me as
your wife again
And I won't be born from Ran next time

Haisha -



I loved her dearly

But I d d not open my
m nd to her

because she was a woman
of the Ran

I d dn't even get to
tell her that I loved her
not even once

My son and Ha sha

They left th s world to
anchor me n th s world

Bury ng my memor es w th them n my heart

I bel eved that

I could never love anyone else
aga n

n th s l fe

I knew

I knew

That they were
